

LIFEGUARDS ARE ABLE TO:

Describe the role lifeguards play in ensuring facility safety.
Identify how to ensure the safety of patrons when weather conditions create safety concerns.
Explain the reasons for common rules and regulations at aquatic facilities.
Describe the role that facility management plays in facility safety.
Describe the drowning process.
Identify the behaviors of a swimmer, a distressed swimmer and an active and a passive victim.
Identify and define elements of effective surveillance.
Explain proper scanning techniques and identify tactics to overcome scanning challenges.
Explain and demonstrate lifeguard rotations.
Demonstrate how to safely and effectively enter the water and approach a victim, and how to perform effective surveillance including scanning, victim recognition and lifeguard rotations.
