A Message from the Director

Welcome to Camp KV! I am excited to begin my second summer as Camp Director and to share another unforgettable season with our campers and families.

My journey with summer camp began when I was a kid and grew when I became a counselor after high school, which continued through college. Those early experiences shaped my love for camp and helped me understand the powerful role it plays in building confidence, friendships, and lifelong memories.

For the past 11 years, I have worked as a teacher, supporting children's growth both academically and socially. This experience, combined with my camp background, has deeply influenced my approach to creating a safe, inclusive, and joyful environment where every child feels supported and encouraged to be themselves.

I am grateful to be apart of a camp community rooted in fun, connection, and care. I look forward to another summer filled with laughter, learning, and meaningful moments—and I can't wait to welcome you to camp!

Warmly,
Jamye Winter
Camp KV Director

Lifeguard In Training/Leader In Training

The LG in training and LIT is a 2 week program that combines two exciting opportunities in one dynamic experience. Campers develop basic lifeguard skills while building the foundational leadership qualities needed to succeed, whether they aspire to become a junior lifeguard, a future camp counselor, or leaders in their schools and communities. This program helps campers grow in confidence, caring, honesty, responsibility, respect, and teamwork all while having fun and gaining valuable real world skills.

Testimonial from 2025: Meet Evangeline

"Joining the Lifeguard In Training program was a great experience! I learned CPR, how to treat basic injuries, how to scan the water for swimmer safety, and perform shallow water rescues. I enjoyed learning alongside other kids my age and discovering what it's like to be a lifeguard. We also played fun water games and helped create a water obstacle course. I'm grateful for the skills I gained and would definitely recommend this program."

Counselor In Training

Counselor In Training is a 4 week long program that is designed to introduce participants to leadership in a supportive camp environment. CITs work closely with camp leaders to gain hands on experience with relationship building, facilitating activities, and leadership skills. This is balanced with time to reflect and discuss as well as group challenges to develop problem solving skills. This intentional balance helps the CITs build confidence, maturity, and a strong foundation for future leadership roles at camp and in the community.

Testimonial from 2025: Meet Lyra

"The CIT program was a fantastic experience. The program was accepting and inclusive of everyone regardless of background or skill level. It was also a great opportunity to learn important skills like CPR and how to handle a variety of situations when working with children. It was an unforgettable experience that helped me grow as a person and move towards my goal of becoming a camp counselor."
